ORION V2

//// //// SERIES ////

GAMING CHAIRS
AVAILABLE IN 3 COLORS

WHAT'S YOUR STYLE?

The devil is in the details! We all have different preferences and we want to offer you exactly what you want. This is why we have 3 color variations within this model, to really suit your needs.

BUILT TO LAST

Our gaming chairs are built with quality and durability in mind. Considering those principles, we equipped our chairs with a solid metal frame and a sturdy and reliable class 4 gas lift.

SIT BACK, RELAX AND ENJOY!

Pull the lever located on the side, tilt back and relax! The backrest allows a positioning adjustment up to 180 degrees. Enjoy a live stream, a movie or simply take a nap after a long gaming session!

ADJUSTABLE ARM RESTS

Ergonomics is one of our major concerns. We made the arm rests easily adjustable, to suit everyone's bodily structure. You can adjust the armrest's height and horizontal rotation.

REMOVABLE CUSHIONS

All our gaming chairs come with two included cushions: a head cushion and a lumbar cushion. If you want a more straight and upright sitting position, remove the cushions. If you want to be more relaxed and comfy, install the cushions. It's as simple as that.

Black / White / Orange	AGORIONV2-BK-W-O	5600413202579	22 Kg	85x67x34cm

ORION V2 THE EVOLUTION

We took one of our greater models and made it even better. By making a few minor adjustments we are now able to provide more features, but, at the same cost of Orion V1 model.

1) CARBON STYLED FABRIC

On this upgraded model we applied some carbon styled fabric patches on selected areas. Not only for that special look but also for increased durability.

2) METAL BASE

Turning something already solid into a mountain! We replaced the previous plastic base with a new all black metal structure, and of course, with that special smooth matte finish.
