## THE RIGHT CHAIR FOR YOU

Comfortable, with a cool design and made with quality materials. Just focus on the game and enjoy!

## REMOVABLE CUSHIONS

These gaming chairs come with two included cushions: a head cushion and a lumbar cushion. If you want a more straight and upright sitting position, remove the cushions. If you want to be more relaxed and comfy, install the cushions. It's as simple as that.

## 4D ADJUSTABLE ARM RESTS

Ergonomics is one of our major concerns. We made the arm rests easily adjustable, to suit everyone's bodily structure. 4D adjustment: height, horizontal angle, forward / backward and interior / exterior positioning.
